Respect – Success – Pride – Responsibility

- Program Philosophy: The Positive Behavior Program is a team-based process that includes all members of the school community. It is a proactive approach to teach, monitor, and support appropriate school behavior for all students. The program focuses on preventing problem behaviors at the school-wide, classroom, and individual levels.
- Objectives: To teach, monitor, and support respect, success, pride, and responsibility. Specific behaviors and focus areas have been identified as priorities. (see positive behavior matrix).
- Curriculum: The Penn Hills High School will recognize every other Tuesday as a *Take Time to Think Tuesday*. On these days, students will be exposed to brief lessons that emphasize positive behavior.
- Positive Behavior Matrix (reverse side): The Penn Hills Way Positive Behavior Matrix was created through a collaborative effort between the Allegheny Intermediate Unit, district administrators, and teachers. The matrix will be used to advertise and emphasize desired behaviors within our school.
- Reporting Procedures: Students are encouraged to submit their concerns to any adult within our school community. Specifically, the reporting document on the back of this brochure can be submitted to any high school administrator or guidance counselor. Drop-off boxes will also be located within the main office, guidance office, and media center.
- Community Involvement: Community members interested in participating in this program should contact the high school building principal. Your involvement is encouraged.
