

Models for Adding 3-Digit Numbers

Find $152 + 329$.

Step 1: Show each number with place-value blocks.

Step 2: Combine the ones. $2 + 9 = 11$

Step 3: Combine the tens. $50 + 20 = 70$

Step 4: Combine the hundreds. $100 + 300 = 400$

Step 5: Add. $400 + 70 + 11 = 481$

Write each problem and find the sum.
