

ALL SUMMER IN A DAY

COPY MASTER

## Question Support

**Directions:** Answer the questions.

1. **RECALL** How often does the sun shine on Venus?
2. **Clarify** Why is Margo the only child that remembers the sun?
3. **Summarize** What happens to Margot while the teacher is out of the classroom?

**Directions:** Answer each question.

4. **Make Inferences** Review the inferences you made as you read the story. Were any of your ideas wrong? If so, write one inference that you had to change.

---

---

5. **Identify Cause and Effect** Complete the following sentence.

Margot was unhappy because \_\_\_\_\_

---

6. **Analyze Setting** Write two ways that a sunny day on Earth is different from a sunny day on Venus.

---

---

7. **Examine Conflict** An external conflict is a struggle between a character and an outside force. An internal conflict happens when a character is at odds with his or her feelings. Reread lines 182–196. Then underline one word in parentheses and complete the following sentence.

The children are experiencing an (external/internal) conflict as they walk to the closet because \_\_\_\_\_

---

---

---

8. **Draw Conclusions** Tell what you think Margot might do when the children open the closet door.
