

Directions: Use the **Practice Model** to answer the questions. For each question, write your answer on the lines.

1. After the head “Steel: The Backbone of Industry,” what is the next head of equal importance?

2. How does the photograph connect with the text of the sidebar called “Connections to Science”?

3. Name *three* key terms that are identified on the page.

4. The text under the label “A Voice from the Past” is different in size and style from the rest of the text. How is it different in **content**, or ideas?

5. Using text features to locate information, create a timeline, showing order, but not dates, of the following inventions: steel, stainless steel, practical electric lighting, Bessemer steel process.
